

Building better futures
for children with disabilities

Virtual Visits

What is it?

- Online support for your family at a time and place that suits you
- Virtual visits use popular technologies such as Skype and Webex to provide specialist learning and therapy programs
- A strategy for reducing the costs of travel
- Addresses some of the barriers families face in accessing therapy and learning programs
- A responsive and flexible way of meeting your needs

How does it work?

- We talk with you about where you want to schedule appointments (at home, childcare, school or through Virtual Visits)
- We provide you with tips and guidance so that Virtual Visits are successful
- We offer you the option of using Skype or Webex
- We can alternate Virtual visits with face-to-face appointments
