

## INVITATION TO PARTICIPATE IN A RESEARCH STUDY

Are you a Parent of a Child with a Disability / Developmental Delay in Victoria?

Does your child currently attend an early childhood education and care service?

We want to understand your experiences of inclusion for your child with a disability or developmental delay in early childhood education and care settings

Participation involves a conversational interview on the phone or online with Samantha Webster, a PhD candidate at RMIT University. Please [contact us](#) if you are interested in participating or learning more about the study.

### Who can take part?

- ✓ Parents of children who have a disability/ developmental delay who attend an early childhood education and care service

### Why is your contribution important?

- ✓ You can help us to identify important aspects of inclusive practice in the early years
